Snowshoeing in the Forest

Snowshoeing is becoming more and more popular, mainly because it is so easy to learn and lots of fun. Many people are discovering that snowshoeing offers an easy and enjoyable way to experience the pleasure of the natural landscape during the winter months. A trip by snowshoe may be a casual walk through the woods or a physically demanding trek to a local summit. Also, snowshoeing is a low-impact sport that improves fitness in an enjoyable natural setting.

Don't expect to be an expert right away—as with any new sport, practice is necessary. And don't be afraid to use a ski pole when first starting out. Try out a variety of terrains to find the ones that appeal to your sense of adventure.

Following are things to think about when planning a snowshoeing outing in the Okanogan-Wenatchee National Forest:

- **Finding good trails:** Snowshoes are most effective on fluffy snow over six inches deep. Be aware that snowshoeing is prohibited on some groomed trails. For more advanced terrain, or backcountry travel, make sure to bring maps, a compass, and check avalanche conditions before leaving home!
- **Know the trail:** Unless the trail is a short, maintained loop, a map is essential. Check in at the local Ranger Station purchase a map and inquire about the weather forecast or any other details that would be beneficial for your outing. Pay attention to where you are going so you can retrace your steps should you become lost or turned around. Trails that are safe in summer may not be as safe to be on in the winter due to avalanche danger in terrain traps, such as gullies or hollows with no escape route where avalanche debris could pile up deeply.
- **Get ready:** Aerobic exercises such as walking, running or cycling will get you in great shape for snowshoeing. Being in shape will also make your outing more fun.
- **Know your limits:** Unlike hiking, snowshoeing presents the added element of potentially dangerous winter weather conditions. Experience your first outing adjacent to groomed trails in a controlled environment, such as at a cross-country center or ski resort. Save backcountry excursions until you have put some miles on your shoes. Even an experienced snowshoer moves much slower than a person on snowless ground, so unless you are incredibly fit, limit your first outings to just a few miles.

- **Equipment:** Snowshoes, winter boots and poles are the only equipment needed. You'll find a variety of snowshoes on the market, including children's and women's-specific models. Take into consideration the kind of snowshoeing you'll be participating in, your height and weight, how much you will be carrying, and choose your shoe accordingly. Most outfitters rent snowshoes and can fit you with an appropriate type and size of shoe for your needs. Modern snowshoes come in all shapes and sizes and are made of lightweight aluminum and durable plastic, allowing you to travel easily on most snow conditions. Snowshoe bindings are infinitely adjustable and will fit around just about any shoe. Make sure you have a good pair of waterproof, winter boots.
- **Clothing:** Dress in layers so you can shed or add clothing as needed. Layers should include thermal underwear, a second insulating layer, a fleece vest, windproof and water repellent pants and jacket, gloves and a hat. Always be prepared for the weather to change, as you can always remove layers on the trail or leave them in the car. Don't skimp when purchasing apparel—your life may depend on what you're wearing.
- **Drink, drink, drink:** Snowshoeing is a great workout and you use a lot of fluids in the process. Staying hydrated will make sure you have enough energy for the long haul.
- **Be prepared:** Whenever venturing out on the trails your backpack should contain two quarts of water, snacks, a first aid kit, pocket knife, headlamp, compass, sunscreen, extra clothing, an emergency space blanket, fire starting kit, and a guide book or map. Also be aware of local weather forecasts.
- **Leave your itinerary:** Always leave an itinerary with a responsible friend stating where you will be and when you plan to return. This way someone will know to call authorities in case you get lost or injured. Make sure you check in when you get back—and tell them about your awesome trip!

Contact local national forest offices for suggestions on snowshoeing opportunities.

SPECIAL FOREST PRODUCTS:

Permits are required for gathering forest products including firewood, pine cones, boughs, transplants, rocks and minerals, posts and poles, mushrooms, and floral cuttings. Please contact Forest Service district offices for specific information. There is a minimum charge of \$20 per permit. Free use permits are available for small quantities of certain items for personal use. Special forest products permits for personal use firewood, personal use river rock and commercial use beargrass are available from the Cle Elum Ranger Station.

WOODCUTTING INFORMATION:

Woodcutting permits expired on December 31, 2015. New woodcutting permits will be available in spring 2016 once roadways have dried and travel conditions improve.

HAZARDS FOUND IN WILDFIRE AREAS:

Following are a variety of hazards to watch out for when traveling through areas burned in wildfires.

- Snags are not only obviously dead trees, but can also be blackened killed trees or green trees burned through at the bottom.
- Snags can fall at any time. Besides the potential for striking people or property, they can block trails or roads, including your exit even though travel was unimpeded when you entered the area.
- Snags can make travel difficult if a lot of trees have fallen across the landscape.
- Stump holes and root channels can still be burning and often are hidden from sight until stepped upon.
- Steep slopes and loss of vegetation may cause rolling rocks and debris flows off hillsides at any time but the likelihood increases with rain and freeze-thaw events.
- Loss of vegetation increases the potential for erosion to occur with any rain event. Water runoff may cause flooding that impacts or clogs road culverts and storm drains; sediment may move downstream affecting lands a long distance from the burned areas.
- Even with minor precipitation, road culverts can become plugged with material and cause debris flows.
- Recently opened areas may still have areas with smoke and fire. Fire can smolder below ground in root channels and stump holes and pop up above ground as these sources of organic matter reach the surface. If smoke is discovered, report a fire to 911.

Some things to do to be prepared:

- Don't loiter in the burned areas, travel quickly through burned areas to reach your favorite recreation sites outside of the burns
- Carrying a saw or axe with you is a good idea when traveling on forest roads
- Stay current on weather forecasts and avoid areas that have been severely burned
- Do not try to cross an active mud or debris flow
- Let someone know where you are going and when you plan to return home

For more information, please call the local national forest office or go to the forest web site at

www.fs.usda.gov/okawen .

INTERAGENCY PASS PROGRAM (America the Beautiful National Parks & Federal Recreation Lands Pass):

This pass combines the benefits of existing recreation passes from five federal agencies into one comprehensive Interagency Pass called "**America the Beautiful – National Parks and Federal Recreational Lands Pass.**"

- The pass covers recreation opportunities on public lands managed by National Park Service, Fish and Wildlife Service, Bureau of Land Management, Bureau of Reclamation, and U.S. Forest Service.
- The pass applies to those locations that currently have entrance or standard amenity fees.
- The annual pass sells for **\$80**, the lifetime senior pass is **\$10**, and the lifetime access pass and the volunteer passes are **free**.
- Passes are valid for **one full year** from the month of purchase.
- Passes provide entrance or access to the pass holder and accompanying passengers in a single, private, non-commercial vehicle at federally operated recreation sites across the country.
- Passes cover the pass holder and three (3) accompanying adults age 16 and older at sites where per person entrance fees are charged. No entry fee for children 15 and under.
- Passes are **NON-REFUNDABLE, NON-TRANSFERABLE**, and **cannot** be replaced if lost or stolen.
- This program replaces the **Golden Eagle, Golden Age, and the Golden Access Passports as well as the National Parks Pass**. Existing passes will remain valid until expired, lost or stolen.
- These passes can be used in lieu of the Northwest Forest Pass.

RECREATION PASS PURCHASE INFORMATION:

A \$5 day use fee is required at many trailheads and day use sites across the national forest. The Northwest Forest Day Pass, Northwest Forest Annual Pass, and America the Beautiful Interagency Annual Pass are honored at all Forest Service-operated recreation sites where a day use fee is required. For a complete list of recreation sites where a day use fee is required, please visit <http://go.usa.gov/2YXA> or call your local ranger station.

Passes are available at **all ranger district offices** and the **forest headquarters** office in Wenatchee. The cost is \$30 for an annual pass and \$5 for a day use pass. For information about the Northwest Forest Pass call 1-800-270-7504 or to order it online go to www.naturenw.org.

CHELAN RANGER DISTRICT

Office phone number: (509) 682-4900

OFFICE HOURS: The Chelan Ranger District office is located at 428 West Woodin Avenue in Chelan with office hours of 7:45 a.m. to 4:30 p.m., Monday through Friday **with a one hour closure for lunch from 11:30 to 12:30.** The Chelan Ranger District also serves as an information center for the Lake Chelan National Recreation Area.

SNOW: On Jan. 20, there was 113 inches of snow at Lyman Lake at 5,980 feet elevation.

ECHO RIDGE: All trails at Echo Ridge are open for winter recreation opportunities and are regularly groomed. For the latest skiing and grooming conditions at Echo Ridge, please go to http://www.eigenvector.com/ski/Nordic_Report.html or Lake Chelan Nordic Club at <http://www.lakechelannordic.org/>.

ECHO RIDGE NORDIC SKI PASSES: Day use fees are in effect at Echo Ridge Nordic Ski Area. Ski passes are required for both ski and snowshoe trail use at Echo Ridge. Day passes are available on-site for \$10 per adult. Passes are free for skiers or snowshoers age 17 or under. Season passes are available for \$70 at the Chelan Ranger District office or online at www.lakechelannordic.org.

LAKE LEVEL: The level of Lake Chelan is 1091.35 feet above sea level. For more information on the lake level, please visit the Chelan County Public Utility District website at: <http://www.chelanpud.org/parks-and-recreation/lake-chelan-lake-levels>.

SNOWMOBILING OPPORTUNITIES: Shady Pass Road is a popular groomed area for snowmobiling. Be sure to check avalanche conditions prior to any outing; go to www.nwac.us for current avalanche conditions. For current snow grooming information go to <http://parks.state.wa.us/130/Winter-Recreation>.

ROADS & SNOWMOBILING: Seasonal road closures are in effect that restrict motorized wheeled vehicle use on the Chelan Ranger District.

Annually, these roads are closed to four-wheeled vehicles and open to snowmobiles:

- **Grade Creek Road** (FS Road No. 8200) and **Upper Joe Creek Road** (FS Road No. 8210), are closed beyond Antilon Lake Sno-Park.
- **Washington Creek Road** (FS Road No. 8021) and **Cooper Mountain Road** (FS Road No. 8020) are closed above Echo Valley Sno-Park.
- **Slide Ridge Road** (FS Road No. 8410) and **Shady Pass Road** (FS Road No. 5900) are closed above 25 Mile Creek Sno-Park.
- **Purtteman Gulch Road** (FS Road No. 8010) is used as an ungroomed snowmobile trail and a non-motorized Nordic trail.

Forest roads are snow covered. Please carry tire chains and extra supplies for emergencies. Remember, there is limited turn around space available on most forest roads. Always travel with plenty of fuel and check on road conditions with district offices before heading out. Four-wheel-drive and high vehicle clearance is always recommended for travel on forest roads. Many forest roads close to four and two-wheeled motor vehicle use during the winter and become open for over the snow recreation.

TRAILS: Snow covers all district trails.

CAMPING: All campgrounds are snow covered with no services available.

DOCK PERMITS: Dock permits are no longer required; however, some docks will become inaccessible as the lake level lowers for the winter. Docks are icy—please be careful. All boat-in campgrounds are open except for Lucerne and Refrigerator Harbor which are closed.

CLE ELUM RANGER DISTRICT

The office phone number is **(509) 852-1100**.

WINTER OFFICE HOURS ARE IN EFFECT: Monday through Friday 8 a.m. to 4 p.m. with a 45-minute closure for lunch from 12:30 to 1:15 p.m.

SNOW: Snow is plentiful in the Cascades. Last summer's drought followed by record setting snowfall has led to a tremendous amount of trees falling in the forest. Groomer operators are not only struggling with deep snow, but have had to remove hundreds of trees that have fallen across groomed routes. Please be patient, and ride with caution as trees continue to fall. Be prepared for an extended stay outdoors, even if you aren't planning a long trip. Check current weather and avalanche forecasts before venturing out; go to www.nwac.us for current avalanche conditions.

SNO-PARKS: All sno-parks on the Cle Elum Ranger District are open and grooming is underway.

- **NOTE! Gold Creek and Hyak Sno-Parks** have been full by 10 a.m. on weekends. Motorists are reminded not to park outside of designated sno-parks. Parking in I-90 interchange areas (off/on ramps) is prohibited. Congestion resulting from illegally parked cars has impeded snow removal equipment and emergency vehicles. Illegally parked vehicles can be towed at the owner's expense.
- **Price Creek Westbound Sno-Park** was decommissioned last summer due to the I-90 expansion project. Alternative parking is at Kachess Sno-Park.
- **Lake Easton State Park Sno-Park** is a good alternative for non-motorized winter recreation including cross-country skiing, snowshoeing and snow play. It is located off of I-90 Exit 70, and is 16 miles east of Gold Creek/Hyak Sno-Parks.

When parking in sno-parks, do not block turn around areas. Observe and comply with all posted directions and regulations.

SNOQUALMIE PASS VISITOR INFORMATION CENTER is open from 8:30 a.m. to 3:30 p.m. Thursday through Sunday for the winter season.

The visitor center offers guided snowshoe walks January through March. The walks are very popular and reservations are required. Call the visitor center at 425-434-6111 for information. **Make reservations online at [discovernw.org/snowshoe-snoqualmie](http://www.discovernw.org/snowshoe-snoqualmie)** (http://www.discovernw.org/store_winter-snowshoe-program-at-snoqualmie-pass_SNOWSHOE02.html). Trips for special events and school groups can be scheduled.

Meet 15 minutes before your scheduled walk at the Snoqualmie Pass Visitors Center off I-90, exit 52. No fee is charged for those participating in the snowshoe walks but a donation to cover the cost of equipment is suggested of \$15 for adults, \$10 for youth 16 and under, and \$25 per person for the extended hikes and photography outings. Snowshoes are provided.

Participants need to be prepared with appropriate clothing and sturdy boots. Remember to dress in layers, avoid cotton clothing, and carry water and snacks.

Five different interpreter-led snowshoe walks are offered:

- ❄ **90-minute Trek.** Learn about winter ecosystem wildlife and safety on this one mile loop walk through old growth forest. The pace is moderate and is intended to introduce folks to the marvels of winter and snowshoeing. These treks take place on Saturdays and Sundays at 10 a.m., 11:30 a.m. and 1 p.m. Group size limit is 20.
- ❄ **Extended Hike** through the Commonwealth Basin in which participants will be able to examine winter ecology, life in the snow, and winter weather. These walks take place at 9 a.m. on Fridays, Saturdays and Sundays. Plan on being out until about 3 p.m. Bring a lunch, a well-stocked day pack, extra clothing, and water.
- ❄ **Winter Photography Outings.** These walks are geared for photography enthusiasts of all abilities. Commonwealth Creek offers intriguing image possibilities with ice falls, cool vapors and swirling dark waters. Your guide will discuss light, composition and exposure. Bring a lunch. This outing lasts four to five hours and will occur at 9:30 a.m. on Jan. 30, Feb. 13, Feb. 27, March 12, and March 26.
- ❄ **Kids in the Snow.** This trek introduces youngsters to the wonders of winter. Participants will learn to identify tracks, discover which animals turn white in the winter and who sleeps the winter away. At the end of the trek participants will receive a Junior Snow Ranger membership and badge. These walks take place at 1 p.m. on Saturday's beginning January 16.
- ❄ **Avalanche Awareness Walks.** Join the Northwest Avalanche Center and the Forest Service for six snowshoe walks where the focus is entirely Avalanche Awareness. Professionals from the Northwest Avalanche Center will be leading and presenting these walks. Please call for dates and times for the avalanche awareness walks.

ROADS: All Forest Service Roads on the Cle Elum Ranger District are now closed to wheeled vehicles.

Check <http://www.fs.usda.gov/okawen/> or call your local ranger station for current road reports.

- **Forest Service Road No. 4832 Update:** Repairs have been delayed to Road 4832. Original projections were for construction to begin in late January; unfortunately, this date has been postponed. At this time there is no estimation for date of repair.
- **Forest Service Road No. 9737,** also known as North Fork Teanaway Road, will be plowed for winter timber harvest through spring 2016. The road is closed to all wheeled vehicles not associated with harvest activities. The road is closed to snowmobile use from 5 a.m. until 5 p.m. Monday through Friday. Snowmobiles are permitted evenings and weekends. If skiing or snowshoeing on the road weekdays, use

caution. Step completely off of the road when trucks or other equipment approach. Remember, they are large and heavy and may be unable to stop quickly when traveling on snowy roads.

TRAILS: Trails remain open to non-motorized use throughout the year. All winter recreationists are reminded to check avalanche conditions prior to using national forest trails. Please be aware that weather conditions can change rapidly. Be prepared for extreme conditions at all times. Please check with the ranger station for more information.

CABIN RENTALS: The Cle Elum Ranger District usually offers the *Teanaway Guard Station* for public rental; unfortunately, it is closed for the remainder of the winter. Flood water in November caused damage that has just been discovered. Repairs will be made once snow melt allows access in the spring. It is anticipated that the cabin will be available for use in mid to late May 2016. For more information or to make reservations for later in the year, contact National Recreation Reservation Service at 1-877-444-6777 or online at www.recreation.gov.

ENTIAT RANGER DISTRICT

The office phone number is (509) 784-4700.

OFFICE HOURS: 8 a.m. to 4:30 p.m., Monday through Friday.

SNOW: Pope Ridge remote Snotel weather station, located at 3,590 feet elevation, reported 45 inches of snow on Jan. 20th. Daytime temperatures at Pope Ridge are in the low 30 degree Fahrenheit range. The snotel weather station site is approximately 32 miles up Entiat River Road. Deeper snow has accumulated at higher elevations.

SNO-PARKS: The Entiat River and Mad River Sno-Parks are open and Porta-Potties are available. Sno-park permits are required from December through April. Washington State Parks Winter Recreation Program manages sno-parks (cleared parking areas) in close proximity to groomed and backcountry trails. Check with Washington State Parks Winter Recreation for rules, regulations and maps at <http://parks.state.wa.us>.

- Snowmobile sno-parks are open to both motorized and non-motorized winter recreation.
- Shady Pass FS Road No. 5900 has been groomed from the Twenty-Five Mile Sno-Park to the Entiat River Road Sno-Park.
- Non-motorized sno-parks are only open to winter recreation sports such as cross-country skiing, dog sledding, snowshoeing, and snow play.

WOLVERINE AND DUNCAN FIRE AREA CLOSURES TEMPORARILY LIFTED: Duncan Fire closure and Wolverine Fire closure areas on the Entiat Ranger District have been temporarily lifted to allow for winter recreation opportunities. When there is snow on the ground the risk of debris flows and flooding is reduced. Forest users are advised to check the latest conditions as warm winter storms can cause rapid melt off and high water events.

Next spring, Forest Service personnel will reassess both closure areas and look at possibilities where they can be reduced to allow more public access in areas where threats to human safety have decreased.

CAMPGROUNDS: Expect to encounter snow at all district campgrounds. Pine Flats, Fox Creek, Lake Creek, and Silver Falls campgrounds are gated closed and no amenities are available. Call the Entiat Ranger Station for further information.

Campground	Location	Status
Pine Flats	14 miles from Highway 97A, Mad River Road	Closed for the season with no fees. Walk in/walk out access is permitted. No water or garbage services are provided. Campers need to pack out all their garbage. Please use "Leave No Trace" camping techniques.
Fox Creek	27 miles from Highway 97A, Entiat River Road	
Lake Creek	28 miles from Highway 97A, Entiat River Road	
Silver Falls	30 miles from Highway 97A, Entiat River Road	
North Fork	33 miles from Highway 97A, Entiat River Road	Closed due to public safety concerns resulting from the Duncan & Wolverine fires.
Spruce Grove	34 miles from Highway 97A, Entiat River Road	
Three Creek	36 miles from Highway 97A, Entiat River Road	
Cottonwood	38 miles from Highway 97A, Entiat River Road	Closed due to public safety concerns resulting from the Duncan & Wolverine fires. Cottonwood Cabin is not available for reservation rental.

ROADS: Winter road conditions now exist. Four-wheel-drive and high vehicle clearance are always recommended for travel on forest roads. If roads are muddy and snowy and your vehicle is damaging the road surface, please turn around to prevent further road damage. Remember, there is limited turn around space available on most forest roads.

Road Name	Road No.	Status
Entiat River Road	5100	From Entiat River Sno-Park (at mile marker 25) on up valley--open only for motorized and non-motorized winter recreation. The seasonal road closure is in effect which restricts motorized wheeled vehicle use, including UTVs and side-by-sides with tracks, on the Entiat Ranger District. Closed roads include the main groomed snowmobile routes and do not reflect all roads and spur roads that are closed.
Mills Canyon/ Entiat Ridge	5200	The seasonal road closure is in effect which restricts motorized wheeled vehicle use, including UTVs and side-by-sides with tracks, on the Entiat Ranger District. Closed roads include main groomed snowmobile routes and do not reflect all roads and spur roads that are closed.
Forest Service Road/ Dinkelman	5210	
Preston Creek	5501	Open, expect to encounter winter conditions.
Tommy Creek	5605	The seasonal road closure is in effect which restricts motorized wheeled vehicle use, including UTVs and side-by-sides with tracks, on the Entiat Ranger District. Closed roads include main groomed snowmobile routes and do not reflect all roads and spur roads that are closed.
North Fork Road	5606	
Tyee	5700	Open, expect to encounter winter conditions.
Tillicum Creek	5800	The seasonal road closure is in effect which restricts motorized wheeled vehicle use, including UTVs and side-by-sides with tracks, on the Entiat Ranger District. Closed roads include main groomed snowmobile routes and do not reflect all roads and spur roads that are closed.
Forest Service Road/ Moe Ridge	5801	
Forest Service Road	5808	
Shady Pass & Big Hill	5900 & 112	

Winter road and trail conditions change quickly so check for current conditions and closures before leaving home. Closed roads include main groomed snowmobile routes and do not reflect all roads and spurs that are closed.

METHOW VALLEY RANGER DISTRICT

The office phone number is (509) 996-4003.

OFFICE HOURS: Open Monday through Friday from 8 a.m. to 4:30 p.m.

WEATHER: A local weather forecast is available at <http://go.usa.gov/f4y>.

SNOW: On January 14 there was 80 inches of snow at Hart's Pass, at 6500 feet. Mazama, at 2,170 feet elevation, had 29 inches of snow.

SKIING: Cross-country ski trails are being groomed for skiing. For additional Methow Trail conditions for cross-country ski, snowshoe, fat bikes and other winter recreation information go online to <http://www.methowtrails.org/winter-trails>.

The Loup-Loup Ski Bowl is open for downhill skiing and the Loup-Loup Bear Mountain Nordic Skiing trails are groomed for skate ski and touring as well as snowshoeing on designated trails that are open to snowshoers (Flat Loop and multi-use trails). Please check in at the ticket window to purchase a trail pass, and trek along the side of the ski tracks.

South Summit trails are usually groomed on Friday for Nordic skiing. To access the North Summit Sno-Park at the Loup Loup Pass summit, turn off onto forest road 42, travel north about a quarter mile to the entrance to the parking area. For the South Summit Sno-Park ski area, turn off at the Loup Loup Pass summit and travel south on forest road No. 41 to the sno-park parking area. A season permit, per vehicle, is required for parking.

Remember to purchase a sno-park permit prior to traveling to this area. If the Loup Loup Ski Bowl ticket office is open, a Washington State Sno-Park permit may be purchased at their ticket window. For more details go online at <http://skitheloup.com/>.

SNOWMOBILING: For current online snowmobile trail grooming schedule information go to: <http://mountaintrailsgrooming.blogspot.com/p/schedule.html>.

NORTH CASCADES HIGHWAY 20: Due to avalanche danger, North Cascades Highway is closed for the season from milepost 134 near Diablo to milepost 178 near Early Winters.

WOODCUTTING: Most forest access roads become groomed snowmobile routes, closed to wheeled vehicles December 1 to April 1. Firewood permits expire December 31. Firewood gathering season is May 1 through December 31.

NACHES RANGER DISTRICT

The office phone number is (509) 653-1401.

OFFICE HOURS: The Naches Ranger Station foyer is open 24 hours a day, seven days a week with handouts and forest information available to the public during non-office hours. Office hours are Monday through Friday, 8 a.m. to 4:30 p.m. The office is closed daily for lunch from 12:00 to 12:30. No permit sales after 4 p.m.

SNOW: The snow level has dropped to around 1,000 feet. White Pass Ski Area reported 67 inches of snow at the base on January 20 with 5 inches of new snow that fell the night before.

SNO-PARK PERMIT VENDORS: The Naches Ranger District office is selling sno-park permits. Sno-Park permits are required for parking at any designated sno-park area. Following is a list of local vendors also selling sno-park permits.

- In the Naches area--Slim's Market and The Little Red School House
- Chinook Pass area--Whistlin' Jack Lodge

TRAVEL ESSENTIALS: Always be prepared for any kind of weather and/or road conditions. Winter weather has arrived on the Naches Ranger District. Snow levels have dropped to around 1,000 feet. Bring extra clothes, food and water, map, compass and/or GPS, matches, fire starter, pocketknife, first aid kit, sunglasses, flashlight, and extra batteries. Please have extra blankets, a shovel, flares, tire chains, basic tools, and toilet paper in your vehicle.

ROADS: The snow level has dropped to around 1,000 feet. Snow grooming and berming continues on the seasonal winter recreation routes.

U.S. Highway 12 to White Pass is open to traffic. Washington State Department of Transportation crews will be closing one lane of traffic at Wildcat Creek Bridge, near mile post 166, for repairs to the bridge deck. Flaggers will direct drivers through the work zone. Motorists will experience some delay and added travel time. A traffic light is directing traffic through a single lane near the repaired areas both east and west of White Pass. Drivers can expect delays at the signals.

Please check with the Washington State Department of Transportation for more up to date information on mountain pass roads. The most current updates on mountain pass conditions are available at <http://www.Wsdot.com/traffic/passes> . Always remember to drive carefully and use caution when traveling in areas prone to falling rocks, debris, and avalanches.

TRAILS: Due to snowfall, motorized use trails are now closed. Grooming for snow travel continues on the district. Sno-park permits will be required at all sno-park parking areas. Before leaving home, always leave a detailed written trip itinerary with a responsible family member or friend. Washington Trails Association web site (www.wta.org) is also an excellent site for obtaining updates on current trail conditions.

WILDERNESS TRAILS: The snow level has dropped to around 1,000 feet making access to and hiking on wilderness trails difficult. Be prepared for winter conditions while visiting any area of the forest.

Crow Lake Way Trail is closed until further notice due to extensive flood damage.

WOODCUTTING: Woodcutting season is closed until May 2016.

BOULDER CAVE AND CLEAR LAKE DAY USE SITES and trails are closed for the winter.

CAMPGROUNDS: All Naches Ranger District campgrounds are closed for the winter. Soda Springs Campground is closed; over 70 trees fell across campground facilities during a recent wind storm. Major damage has occurred to the shelter and campsites.

GROUP RESERVATION SITES: American Ridge Lodge and American River Guard Station group reservation sites are open year-round; there is **no** access by motorized vehicles to American Ridge Lodge during the winter season due to unsafe road conditions for vehicles. The other group sites have closed for the season. Reservations for group camp sites need to be made through the National Recreation Reservation Service by calling their toll free number 877-444-6777 or by going online to their web site at www.recreation.gov.

Area	Group Reservation Sites	Daily Fee	Registration Fee

TONASKET RANGER DISTRICT

The office phone number is (509) 486-2186.

OFFICE HOURS: Monday through Friday, 8 a.m. to 4:30 p.m. with a 30-minute closure for lunch from 12:30 p.m. to 1 p.m.

SNOW: On January 19, there was 29 inches of snow at Salmon Meadows at 4,460 feet elevation and 27 inches at Muckamuck snotel site located at 4,470 feet elevation.

SNO- PARKS: Sno-park information is available at <http://parks.state.wa.us> . Parking in a designated Sno-Park requires a Sno-park permit. Permits are available at the Tonasket Ranger District office. This permit is typically sold to cross-county ski and snowshoe enthusiasts. Annual Sno-Park permits are \$42 and one-day permits are \$22. Highland Sno-Park currently has about 20 miles of trails groomed for classic Nordic skiing and skate skiing. Roads have been plowed.

- **Highlands Nordic Sno-Park** has about 25 miles of trails groomed for classic Nordic skiing and skate skiing. As of January 19th there was approximately 4 inches of new snow. Whitetail, Hej Bue, Straight Edge, Sunshine Loop, and Pomme du Pin routes were groomed and in perfect condition.
- **Kerr Sno-Park:** Roads No. 37, 38 and 39 have been groomed, no new information available.
- **Peacock Meadows Sno-Park:** Road No. 7 has been groomed, no new information available.
- **Sitzmark Ski Area:** Now open to skiers and snowboarders, renting services are also available at the Ski Shop.

CAMPGROUNDS: All district campgrounds are closed for the season. Those which are not gated or closed with a physical barrier can be used until snow prevents access. No amenities are provided, so remember to bring drinking water and toilet paper and pack out all garbage. Please do not park vehicles in front of the locked gates at campground entrances.

The group site at Lost Lake Campground is closed until May 2016. Reservations may still be made for dates after that time. This site is generally booked far in advance. Please make your reservations early. Go online at www.recreation.gov or call 877-444-6777 to reserve the Lost Lake group campsite. All other campsites on the Tonasket District are available on a first-come, first-serve basis with no reservation needed.

AREA CLOSURES: Two area closures are in effect due to hazards resulting from the North Star Fire and the Okanogan Complex Fires. Road closures, trail closures and campgrounds are affected; go to the forest interactive closure map at <http://www.fs.usda.gov/alerts/okawen/alerts-notice/?aid=30418> for closure locations. Please call 509-486-2186 for more information or please visit our website <http://www.fs.usda.gov/main/okawen/home> .

ROADS: Use caution when traveling on narrow forest roads. Most forest roads are now snow covered. Annual road closures went into effect on December 1, please call the Tonasket Ranger District office for additional information or visit Washington State Department of Transportation's website www.wsdot.wa.gov.

Be sure to look at the free Okanogan National Forest Travel Plan Map for more information (available at national forest offices or online at <http://go.usa.gov/64Kk>). Some closures are year round and this Travel Plan can help you know where you can go.
